### **The Zydeco-Playboys** - a Louisiana- und Down-South-Party!:

This bands versatility is constantly growing to meet the needs of an ever expanding public. They started in 1994 with traditional Zydecomusic, then they "zydecoized" rock, blues and cajun. Up to now they've mixed their "sauce piquante" into texmex, latin and rhythm&blues, too! They perform songs from Buckwheat Zydeco, C.J.Chenier, Zachary Richard as well as Los Lobos, Iguanas, Van Morrison, Golden Earring, Ray Charles...

This is high energy music! Consult your doctor before listening to this band; because you're going to loose a lot of weight dancing to their music. As one of the best Zydeco-bands from Europe, they will charge up your soul and put fire under your feet. With their great own songs, famous originals from Louisiana and many "zydecoized" cover arrangements they offer you a complete accordion-danceparty.... So get up and shake your bootie!

**DIRTY LINEN** - USA - Paul Hartmann -

*"..take a pinch of C.J.Chenier, a spoonful of vintage Nick Lowe, stir in a dollop of Los Lobos and bake em in a German oven - and the resulting concoction is Zydeco-Playboy's splendid "Superficial Satisfaction?"...it totally works from a dance sensibility, mainly due to the crafty arrangements, infectious melodies, endless hooks, effects and surprises...."*

**BLUES NEWS** - Germany (Dirk Föhrrs)-

*"..Your CD is terrific without any doubt. A very well production on an extremely high level... A hot candidate for the award "Vierteljahrespreis der Deutschen Schallplattenkritik" ...."*

**HOME OF ROCK** - Germany (Joachim Domrath) -

*"..a heavy thing of music...magnificent arrangements with real class..."What your awaitin' for" is a rhythm-shell class A with a fat accordion - "Stir you up" a hammermixture within Texas-Boogie-Rock,Cajun&Zydeco and hot guitars - up to "Voodoo in the Bayou" - Dr.John-Jamrock par excellence with fine percussion - to the bluesyjazzy tune "Superficial Satisfaction" (I think Sonia Dada is greeting here) - The instrumental level of this band don't even reach Chris Bellau & ZydecoHounds ....Man, this stuff is fun!*

**ZYDECOM** - USA (Gary Dauphin) -

*...This CD ("Womens only?") Is so darn good... So what if these guys weren't born near the rice fields of Lake Charles? They still play Zydeco the way it was meant to be played: from the heart...*

**ROOTS MAGAZINE** - Belgium (George Tonla) -

*"..you ask if I like it? It is the best Zydeco-CD I heard in month!...."*

**RADIO HOSTEBRO** - Danemark (Kjell Andreassen) -

*...The best Zydeco I ever heard!...*

**RADIO THORSHAMMER** - Norway (E. Henriksen) -

*...I couldn't believe this is a german band...*

**ROOTS MUSIC BRUSSELS** - Belgium (G. van Pevenage) -

*...Hun eerste cd "Women's Only?" was meteen een voltreffer.*
